

TALLY SHEET

AGE, SEX AND RACE OF PERSONS ARRESTED

INSTRUCTIONS

- 1 You are being provided with two separate tally sheets to record the age sex and race of persons arrested The pink sheet is to be used to tally arrests of all persons under 18 years of age The white tally sheets are to be used for arrests of all persons 18 years of age and older These tally sheets are for your own use and should not be forwarded to Washington
- 2 If you have a juvenile officer or bureau or other division or section which handles all juvenile cases the pink tally sheet may be detached and furnished to these authorities for scoring the appropriate figures
- 3 The offense classes are taken from the Uniform Classification of Offenses and cover all the Part I and Part II offenses except traffic violations The pink tally sheet also provides for tallies of arrests for the typical juvenile offenses of (a) curfew and loitering law violations and (b) runaway In compiling the data follow the offense definitions in the Uniform Crime Reporting Handbook
- 4 Enter for each class the number of persons taken into custody listing them according to age sex and race It should be noted that the annual report Age Sex and Race of Persons Arrested includes all persons taken into custody including those released without having been formally charged Each arrest should be counted even though the same person is arrested on several occasions during the year
- 5 JUVENILES For purposes of Uniform Crime Reporting a juvenile should be counted as arrested when the circumstances are such that if he or she were an adult an arrest would be tallied Juveniles arrested should be listed opposite the classification of the offenses for which they were taken into custody For example if a juvenile is arrested for committing an offense of larceny he should be listed opposite the larceny theft classification on this report even though the technical charge placed against him is juvenile delinquency Police contacts with juveniles where no offense has been committed should not be scored as arrests Instances where a juvenile is taken into custody for his own protection such as neglect and no crime committed should not be listed as arrests
- 6 On the opposite page is a tally for police disposition of juveniles Follow your State age definition for juveniles Do not include neglect or traffic cases
